ATLAS STORM MASTER SHAKE

PRODUCT FEATURES

Core4 Technology
Up to 150 MPH Wind Resistance
Class 4 Impact Resistance
Scotchgard Algae Protection
Lifetime Limited Warranty
Atlas Signature Select

HIGH WIND AND IMPACT RESISTANT

Atlas StormMaster shingles are among the most durable asphalt shingles in the roofing industry.

They feature class 4 impact resistance, Scotchgard algae protection, and up to 150 MPH wind resistance.

Exclusive to their StormMaster line is Core4 technology. Their shingles have advanced polymer materials, flex to avoid breakage, hail and wind resistance, along with Thermalcore to maintain stability in extreme temperatures.

Do you live in an area with harsh weather? StormMaster shingles may be for you.

PRODUCT FEATURES

Up to 130 MPH Wind Resistance
Scotchgard Algae Protection
Lifetime Limited Warranty
Atlas Signature Select

If you live in a tame environment, the Atlas Pinnacle Pristine Line may be for you.

They are durable asphalt shingles with enough wind resistance to keep your home safe in mild weather.

Additionally, they come with a lifetime limited warranty to protect against manufacturer defects. If your shingles don't stand up to the job, the replacement materials are covered.
